I believe in Asbury's vision for equitable, successful, and personalized learning. I know that this vision requires the support of parents, the district, and the larger community. As a parent and community member I am committed to working to ensure that Asbury's values are upheld and supported in the relationships that Asbury has with the district and it's larger community. As a member of the CSC I am excited to work with Asbury's administration, teachers, and other community members to continue to ensure that the individual learning needs of every student at Asbury are met. To the committee I bring non-profit board experience, experience working for (and teaching) equity in Gender and Women's Studies, and experience facilitating and engaging difficult conversations through my work as a communications coach at ARTiculate: Real &amp; Clear.</p> <p>Courtney Cauthon is a forward-thinking educator and artist. She is driven by projects that bring together her love of theatre and communication with her desire to create a more equitable world. Courtney has over 13 years of experience in higher education and is currently a business communication coach at ARTiculate: Real&amp; Clear where she loves finding innovative ways to support business leaders in aligning their communication with their vision, values, and purpose. In addition, Courtney is an adjunct professor of Gender and Women's Studies at the University of Denver and a Board member for Denver's Athena Project. She holds a PhD in Theatre and Performance Studies from the University of Toronto. Courtney has two sons; one currently in 3<sup>rd</sup> grade and one who's starting kindergarten at Asbury in the fall. Courtney is active with Asbury's Hands Up for Children program and is dedicated to supporting the diverse needs of the Asbury community.</p>

	Kristi Leech	<p>Hello! My name is Kristi Leech and I am hoping to be elected as a parent representative on the CSC! I have 2 sons here at Asbury, one in 2nd grade and one in 4th grade. As many of you may know, I have been an active volunteer for the past 4 years in a number of different programs throughout the school. I have helped organize and lead fundraising activities with the PTSO, most notably with Carnival and Spring Wing. I spent 2 years working with the Hands Up backpack program to help provide food to our Asbury families in need, and I have led many tours for prospective parents as an official PTSO tour guide. In addition, I have been involved with Teacher Appreciation activities, and generally wherever the PTSO needs help! I have also spent a good deal of time helping with students in the classroom over the years, acting as a field trip chaperone on many occasions, and sometimes helping out in the classroom.</p> <p>The one area of Asbury that I have not been involved with yet is CSC! I feel that my extensive knowledge of the school and of our community, as well as the close relationships I have formed with teachers, staff and administrators will all be an asset as a CSC member. I would be honored to have the opportunity to represent the parent community at Asbury, and bring your ideas and concerns to the table when decisions about Asbury's future are being made. I am committed to making sure that Asbury continues to serve the needs of all students and families, and would love the opportunity to help guide the decision making process with your support. I am excited about the prospect of this new role at Asbury if I am elected! Thank you so much for your consideration!</p>
