## New Access to School Meal Menus: School Café

School Café is the one stop shop for the DPS Food and Nutrition Services department. This year we have a new and improved way for parents, students and staff to access school meal menus. Download the School Café App at Google Play or Apple Store.

Menus are now live on School Café! View your student's school menu through your School Café account or as a guest at [www.SchoolCafe.com/DPS](http://www.SchoolCafe.com/DPS). See attachment to this email for more specific details on accessing your school menus. The menus now have a number of features including:

- Nutritional Information
- Allergen Information
- Print a PDF of the menu
- Ability to make a sample tray with your student

School Café is:

- Easy: All you need is your personal e-mail address and school name to open an account.
- Convenient: once the account is established, you can easily check what's on the menu, including nutritional.
- Able to go where you go. The mobile app can be downloaded in Google Play or the Apple Store.
