Parents' Matters - Very Important!

Science Matters in America is an exciting after school science or technology enrichment program for your child. Each club meets once a week for four or five weeks depending on the school. Each club meeting lasts one hour. A minimum of 12 registered students is needed in each club.

Enrollment cancellations less than 2 weeks prior to the first club meeting are subject to a \$10 processing fee. Returned check fee is \$20.

Please remind your child of the club meeting dates, as confirmations will not be sent. Parents are requested to pick up their children promptly.

If school is cancelled or dismissed early due to inclement weather, clubs will be cancelled and re-scheduled. If you have any questions, please call the Science Matters in America office at 303 805-9287 or 866 KIDZ FUN.

Join our Mailing List: Text your SCIENCEMATTERS to 22828 to join our mailing list.

BEFORE/AFTER SCHOOL STEM Clubs

STEM (Science - Technology - Engineering - Math)

Enrichment Programs

Zany Zoology

If your interests are on the WILD side, then this is the club for you! Explore the world of animals, from A to Z. Examine an owl pellet, get up close and personal with insects, make art from a fish, build a bird feeder and much more. Classify creatures that slither, swim, crawl and fly. Unleash your curiosity as we journey through the animal kingdom!

Extreme Electricity

Zap! Electrify your interest as we build a working telegraph, experiment with conductors and insulators, build an electromagnet and much more. This club takes electricity to the extreme! We'll charge up those electrons and send them spinning around the room. It's zapping science that will give your brain a charge!

Radical Reactions

Enter our reaction lab and you will be transformed into a chemist! Create chemical concoctions that fizz, bubble and ooze. Make your own chemical reactions - super polymer bouncy ball, get slimed out, meet the mysterious Mushroom Men, create a snowstorm in a bottle and much more. If you like mixing things up then come get radical in our lab!

Unsolved Science

Science Matters needs your help to solve the Unsolved Science Mystery! Use forensic science skills to solve the mystery and become a Chemical Detective! Create your own Chemical Detective Kit, lift and identify crime scene fingerprints, reveal secret messages, extract DNA and discover more forensic science techniques used in crime scene investigations! In this club, you can become a Science Super Sleuth. Can you help explain unsolved science?

My Amazing Flying Machine

Zoom your way into this high flying club. Speed your way through the four forces of flight by making a ping pong ball float, designing your own parachute, sending rockets into the atmosphere, building your own plane and much more. Soar your way through this aerodynamic club. May the four forces of flight be with you!
