

We Learn, We Build, We Play with...  
**LEGO® Bricks**

# AFTER SCHOOL CLASSES

## After-School Enrichment Classes Using LEGO® bricks, Motors, & Battery Packs

Hands-on classes where students:

- Use architecture and engineering principles to learn concepts across a variety of subject areas
- Develop teamwork, creativity, and problem-solving skills in a place where they can play and socialize with friends while unwinding after school

\*\* Payment due by first day of class

**Your child's learning doesn't need to stop when the bell rings. At Bricks 4 Kidz®, we believe it's important to tap into a child's potential by encouraging their curiosity and creativity in and out of the classroom. Our fun-filled model plans designed by engineers and architects, teach children to learn with LEGO® Bricks. Our theme based project kits motivate children by reinforcing S.T.E.M. based principles while enhancing self-esteem, improving fine-motor skills, and teaching important classroom lessons such as organization and following directions.**
