Open Meeting

Check In

Elections review

- 2 year positions (by laws)
 - Keep as is (roll over) and revisit at the end of next year (20-21)
- Any new openings elected in the fall
- Current positions - Karen
- 3 parents Lizzy Neufeld, Kristi Leech, Courtney Calhoun
 - Teacher roles (fall)
 - PTSO member Maren Losh
 - 1 para Sara Hogan
 - 1 community member Chad Smith

Remote Learning

- Lots of community feedback - figuring out systems mostly, finally in a pretty good place, survey will be taken down for now
- Lizzy - blown away by leadership; ours is not the norm - lots of attention to detail and effort
- Kristi - good to have structure back; kids both like it - pacing works for them; relying on kids to get work done - not sure if their work is getting done all the way
- Karen - 1st grade - assignments/work is all wonderful; first grade is just hard; SeeSaw is great and also has limitations - imperfect, really good platform; would Google Classroom be better for everyone? Or websites for grade levels?
- Paras have been delivering food and packets to families
- Only 3 kids have not engaged at all (whole school)
- Monday video is awesome
- Grades
 - End of Year - narrative from teachers (up until this point..., March-May standards, individualized feedback)
 - Info being sent out Friday, grades, attendance, conferences, no retention (except for extenuating circumstances)
 - No letter grades, no pass/fail, just comments
 - Parent teacher conferences to close out year - with kids/parents (virtual)

- District - Fall - adjust scope and sequence based on comments from past year
- Other ways to make up learning - tutors, keep online learning open in the summer
- Attendance
 - Less concerned with families showing up and more concerned with families not showing up; both ends of the spectrum (access to everything/nothing)
